

Ship Mary and John Passenger List for 1634

The Passenger Ship Roster is Only Partly Accurate

It is not possible to construct a fully accurate passenger ship roster for the *Mary and John*, as no contemporaneous records have been found. Subsequent lists have been reconstructions and have been found to be full of inaccuracies.

Charles Edward Banks, in *The Planters of The Commonwealth in Massachusetts, 1620-1640*, Boston, 1930 (p. 87), wrote: "Mary and John, Thomas Chubb, Master. She sailed from Plymouth, England, March 20 [1630], with one hundred and forty passengers from the counties of Somerset, Dorset, and Devon under the patronage of the Reverend John White."

For the voyage that took place in March 1633/4, the Mary and John Clearinghouse has constructed its best estimate of a passenger list. They confess it is only about 60-70% accurate.
